Problem → approach → recognition rule

LudensFlow

Worksheet · Which approach?

WHAT YOU'RE TRAINING NOW

Until it runs on its own

You do it again and again until it runs on its own. Then your head is free for the hard part.

Don't solve. Only say which approach fits, and what tells you so.

Problem	Approach	What tells me? (the word, the number, the shape)

The rule I take with me

When I see …, then …

Which two approaches did I mix up?
