IN CLASS YOU TRAINED

What do you already know?

First you pull up what you already know. New things stick better to something familiar.

How to do it at home, with this week's material

1. Take this week's topic. Book closed. In three minutes write down everything you already know about it, even if unsure.
2. Open the book. See what you missed and add it in another colour.
3. Write one question you want answered in class.

What I already knew

What I missed

My question for class

How did it go? ☐ yes ☐ partly ☐ no
