

WHAT YOU'RE TRAINING NOW

Put it in a scheme

You put what you know into a scheme: what goes with what. That is how you see the links.

Round 1

what the first group wrote

This table's question

Round 2

what the second group added or changed

Round 3

what the third group added or changed

Table host

You stay at the table. What do you tell the next group in one minute?

Draw lines between what belongs together. An arrow is a link, a cross a contradiction.
